Leita borgaran fram Vel Medicin - Lægemiddellisten	
Vel skiljiblaðið Ny ELLA vel Delegerede niðast til vinstru á Administratíonslistanum	
Delegeraðar ordinatíónir eru tengdar at eindum, so tað er umráðandi, at røtt eind stendur her.	
Tá styrki og tíð er rætt. Vel úr listanum av heilivági	
Um tú skalt geva annað tíðspunkt Vel Administrationstidspunkt Vel tíðspunktið	
Tá tú hevur valt skabelónina, tú skalt brúka, far niðast til høgru og vel Signer og administrer	
Um skamtanin ikki er definerað (t.d. 1-2 e.líkn.), fært tú móguleikan Signer og vis i administratíonslisten.	

Administrera delegeraðan heilivág.

Nú verður tú beind til administratíonslistan, og heilivágurinn stendur á úttan at vera administreraður.

Fyri at administrera:
Høgratrýst á administratíonslistan
Vel **Administrer en ny administration**
Vel **tíðspunkt og nøgd**

The screenshot shows the 'Delegerede ordinationer på B6 - seingjæleld [1]' window. It displays a medication entry for 'OxyNorm, 5 mg' with the instruction 'Oralt, kapsel, hård' and a quantity of '1-2 kapsler, hårde pni1d'. A dropdown menu is open, showing options: 'Tilføj PN dosis', 'Dispenser en ny administration', and 'Administrer en ny administration...'. Below this, the 'Registrer' window is visible, showing the medication details and administration settings for '10-08-2022 15:01'.

Til høgru á skíggjanum:

Minst til at brúka røtta **Kontakt**

Hygg eftir **Advarsler**, um ávaringar eru um heiliváginn.

Hygg eftir, hvør tekstur stendur í **Om delegerede lægemidler**, har typiskt stendur ein ramma fyri nær, hvussu ofta og hvussu heilivágurinn skal gevast.

The screenshot shows the 'Behandlingsinformation' window. It includes a 'Kontakt' field with the value 'Reumatologisk ambulatorium - LS - Ambulant - 11-07-20...'. There is a section for 'Advarsler' (Warnings) with a red warning icon and the text 'Allergi / Intolerans'. Below this, there is a section for 'Om delegerede lægemidler' (About delegated medicines) with a note: 'Standardordinationer til patienter indlagt i palliative enhed. Medicinen kan gives af vagthavende sygeplejerske omgående uden at afvente en læge.'

Tá tú ert liðug/ur, sæst administratíonin soleiðis út. Pappírikonið til vinstru merkir, at tað er ein delegerað ordination. Myrkablái liturin á tablettikoninum merkir, at hon er administrerað.

The screenshot shows the 'Efter behov [1]' window. It displays a medication entry for 'OxyNorm, 5 mg' with a red circle around the calendar icon. To the right, there is a button with a red circle around the text '1 dosis'.
