

STEP	SKÆRMBILLEDE
<p>Vælg Patientkort Søg patienten frem i patientlinjen.</p> <p>Vælg menupunktet Patient og Patientkort</p>	 <p>The screenshot shows a software interface with a 'Menu' button and search fields for 'P-tal', 'Fornavn', and 'Efternavn'. A dropdown menu is open, listing options like 'Fordeling af lægemiddelkatalog', 'Arkiv', 'Patient', 'Oversigter', 'Henvisning', and 'Patientadministration'. The 'Patient' option is highlighted, and a sub-menu is visible with 'Patientkort' (Ctrl+Shift+P) selected.</p>
<p>Vælg fanebladet Tilknyt nummer</p>	 <p>The screenshot shows a tabbed interface with three tabs: 'Tilknyt nummer', 'Påre', and another partially visible tab. The 'Tilknyt nummer' tab is circled in red.</p>
<p>Tryk Opret kobling</p> <p>Udfyld feltet med det nummer, som skal inaktiveres, udfyld Årsag for kobling og tryk OK</p>	 <p>The screenshot shows a dialog box titled 'Opret kobling'. It contains two input fields: 'Inaktiver følgende nummer:' (with a yellow highlight) and '...og knyt til aktuelt nummer:' (containing '260213-0TT2'). There is also a text area for 'Årsag for kobling*'. Buttons for 'Opret kobling...', 'Frakoble', 'OK', and 'Annullér' are visible.</p>
