

STIG	SKÍGGJAMYND
<p>Er eitthvørt, ið starvsfólk skulu minnst til, er móguligt at skriva hetta í kalendaran hjá deildini.</p>	
<p>Vel Booking – Kalender í menu'ini</p>	 <p>The screenshot shows a software menu with a search bar at the top. The menu items listed are: Arkiv, Patient, Oversigter, Henvisning, Patientadministration, Journal, Rekvisition og svar, Medicin, Væskebalance, OLD_Medisin, Booking, and Messenger. The 'Booking' item is highlighted in yellow, and a sub-menu is open showing 'Kalender' (with a star icon and 'Ctrl+T' shortcut) and 'Kalendergrupper'.</p>
<p>Kalendarin hjá eindini opnar</p>	 <p>The screenshot shows the THS calendar interface. The date is 07-07-2022. The calendar view shows a daily grid with time slots from 00:00 to 18:00. There are two appointments visible: one at 09:00 for 'Bogn Rasmussen 82 Hótelna' and another at 11:00 for 'Tekla Teitsson 80 Hótelna. Anvæðandi heima'. The interface includes a sidebar with 'MINE FAVORITUR' and 'Kalendar' selected, and a top navigation bar with 'Menu', 'P-tal', 'Fornavn', and 'Efternavn'.</p>

<p>Tað eru fleiri ymiskir móguleikar við vísing av kalendaranum.</p>	
<p>Við hesum knøttunum er móguligt at flyta vísing fyri kalendarin aftur ella fram í tíð.</p> <p>Trýst á knøttin Idag fyri at vísingin aftur kemur á dags dato.</p>	
<p>Við hesum knøttunum er móguligt at síggja 1 dag, 5 dagar, 7 dagar ella 31 dagar.</p>	
<p>Fyri at økja ella minka um støddina av kalendaranum kunnu hesir knøttarin við sjóneykum nýtast.</p>	
<p>Tá ið eitt notat skal setast inn í kalendarin:</p> <p>Set músina á tíðspunktið, har notat skal setast í kalendarin og høgratrýst</p> <p>Trýst á Tidsnotat</p>	

<p>Skriva eina yvirskrift. Yvirskriftin verður sjónlig í kalendaranum</p> <p>Skriva evt. nærri kunning</p> <p>Trýst á Gem</p>	
<p>Yvirskriftin er nú sjónlig í kalendaranum.</p>	
<p>Við at halda músini yvir skrásetingini í kalendaranum sæst ein kassi við kunningini, sum varð skrásett.</p>
